

HOGWARTS SCHOOL of WITCHCRAFT and WIZARDRY

HEADMASTER: ALBUS DUMBLEDORE

(Order of Merlin, First Class, grand Sorc., Chf. Warlock, Supreme Mugwump,
International Confed. of Wizards)

Dear Pearl Class,

I am pleased to inform you that you have been accepted at the Hogwarts School of Witchcraft and Wizardry. Unfortunately, due to Corona Virus you are unable to come to school at this time, this is by no means a reflection of your abilities as a witch or wizard.

Therefore, in the meantime, students are requested to complete a series of challenges to prove their abilities. This will enable the sorting hat to decide which house you belong to once school reopens.

To avoid detection by muggles please complete the series of challenges with the support of family members only! You do not want to receive a letter from the Ministry of Magic and detained in Azkaban for misusing magic.

Once you have completed the challenges, or for further information and advice, use your electronic devices (no magic please) to share your success with one of our undercover witches.....

Good luck young witches and wizards. You have two weeks!

Albus Dumbledore

Working hard is important

But there is something that matters even more

Believing in Yourself

POTIONS CLASS

Professor Snape was the potions master ... Can you make a potion to turn evil Lord Voldemort into a cute fluffy bunny rabbit? Please write me a list of ingredients in the order you put them in.

ASTRONOMY

At Hogwarts you will study the stars. Spend some time looking at the stars in the sky. Can you find any patterns?

Look for Scorpius.

CARE OF MAGICAL CREATURES

This is a Hippogriff - it is part bird and part horse. Draw and label your own magical creature. What makes it magical?

DEFENCE AGAINST THE DARK ARTS

If your magic wand breaks you will be left with no way to fight Voldemort and the Death Eaters. Create a trap to capture Voldemort. Please send us information about how it would work so we can send your creation to the Ministry of Magic to be checked.

THE GREAT HALL

Students eat their meals in the Great Hall. Plan a feast that you would like to eat when you come back to school. Create a 'Hogwarts' menu, like you get in a restaurant.

SPELLS AND CHARMS

Make a happiness spell. What would you put in a cauldron to make the world happy?

THE HOUSES

Each house has a different emblem. Make a new crest and give it a name. Think about the name you will give it.

INVISIBILITY CLOAK

Harry Potter had an invisibility cloak that helped him sneak around the castle. Write some sentences and tell me what you would do if you were invisible for the day.

WANTED

Voldemort is a dark wizard. He was very evil. Can you make a Wanted poster to tell people about him and what to do if they find him.

HAGRID

Hagrid is half giant but lives in small hut on the edge of the forest. Can you design a new house for him? Describe it so that Filch can build him a new one.

OWL POST

At Hogwart's you send your letters by post. Write a letter to someone you haven't seen in a very long time... send it in the post. It will definitely make them happy.

DRAGON EGG

Make your own dragon egg. You can boil an egg and decorate it or even use paper mache, if your adults are feeling brave.

DOBBY

Dobby is a house elf who has to do what his masters tell him even if he doesn't want to. What things would you ask Dobby to do for you? Make a list.

THE DARK FOREST

Imagine you are walking through the dark forest. What can you see, smell, hear and feel? Write a description.

Be warned - if you do not follow the rules at Hogwart's, you may have to do detention here!

THE MARAUDER'S MAP

Harry, Hermione and Ron use a secret map to get around the school. Create a map to help you get around when you come back to school.

HERBODOLOGY

Students at Hogwarts have to pot mandrakes, which are used to make special healing potions. If you can, plant your own seed, watch it grow. What does a plant need to grow?

THE CASTLE

The castle is a wonderful magical home to witches and wizards. Research castles around the world. Make a list of the castles and where to find them. Can you find them on a map?

WHITE ROSE

Keep logging on to White Rose, MyMaths and TTRockstars ... In order to be a wonderful wizard you must continue to practise your maths ...

Be the Best!
